

GREEN B-N MINUTES – AUG. 9, 2007

Present – Christina Schulz, Michelle Covi, Julie Elzanati, Joe Grabill

Aug. 18 event

Reviewed place, questionnaire, style, goals, etc.

We will aim for **commitment by participants afterward** in one of three area groups that cover the 13 areas: Environment, Economy, Quality of Life. Chairs of the area groups will not be members of the Planning Team, but Planning Team members will be members of the area groups. The groups will work on mission statements and actions plans for the 13 areas.

We will seek to **identify stakeholders** who will be invited to the April conference.

The **Natural Step system** will not be taught didactically, but noted.

Here are the 4 steps in an abbreviated and reworded style:

1. Shrink extractions
2. Shrink products
3. Swell wildness
4. Swell health

Web – Amy Bullinger of the Hile Group will help us set up an interactive web site

April event

Can be a one-day or two-day event. If a two-day, the first day could be the big one in numbers, with the second attended by some of the people on the first day. Another scenario: first day, prominent people; second day, Planning Team, area group members, etc.

Next meeting – Aug. 23, 11:30, EAC
